

CERTIFICATE

on the
Approval of a manufacturer of Welding Consumables pursuant to
VdTÜV-Merkblatt Schweißtechnik 1153:2012
Approval Testing of Welding Consumables

SADEV GROUP **2 Allée des Faisans** **F-74600 Seynod – France**

have furnished conclusive evidence of the proper application of their in-shop quality assurance procedures to approved welding consumables.

A survey covering the manufacturer's quality assurance system has been conducted by the undersigned Inspector of TÜV Rheinland Industrie Service GmbH proves that the requirements of the VdTÜV-Merkblatt are satisfied.

With this, the requirements for registration of your welding consumables in VdTÜV-Kennblatt 1000 is fulfilled.

This certificate is valid till December 31, 2018

The validity of the certificate may be extended by a new renewal of the approval acc. to VdTÜV 1153:2012.

Certificate

Conformity of factory production control

pursuant to Regulation (EC) No. 305/2011: System 2+

No. of Certificate:

0035-CPR-C922

According to Regulation (EC) No. 305/2011 of the European Parliament and of the Council of 9 March 2011 (Construction Products Regulation - CPR), this Certificate applies to the construction product stated below:

Scope of application:

Welding consumable (filler metals and fluxes)
for fusion welding of metallic materials intended to be used in metal structures or metal/concrete composite structures:
Filler wire acc. to EN ISO 14343-A
Filler rod acc. to EN ISO 14343-A

Supplying and
distribution of:

Brand AUSTINOX

by the Company:

SADEV GROUP
2 Allée des Faisans
F-74600 Seynod - France

Specified requirements:

This document is to certify that all the regulations governing the assessment and verification of constancy of performance as detailed in Annex ZA of the harmonized standard

EN 13479:2004

are applied under System 2+ and that the factory production control meets all the requirements described therein.

Period of validity:

This Certificate, first issued on **January 23, 2013** will be valid as long as the methods of testing and/or requirements for factory production control, for assessment of performance of stated characteristics which are referred to in the harmonized standard remain unchanged and as long as minor changes only will be made with regard to the product and manufacturing conditions on site. It will expire on **December 31, 2018** at the latest.
